

**KENEOS**

## Experienced ABAP/ABAP OO Consultant

### About Keneos

---

Representing the combined strength of over 140 consultants, **Keneos** is a leading provider of effective SAP consulting and solutions. We fuse technical expertise with genuine insight into the demands of various sectors to implement business and technology based solutions.

**Four core business units** focus on delivering solutions for today's business realities: **Human Capital Management**, **Sustainable Development**, **Customer Life Cycle Management** and **Corporate Finance Management**. All are supported by two business units: **Keneos New Technology** and **Keneos Performance & Risk Management**.

We have offices in four countries, Belgium, Luxembourg, France and Switzerland and a strong community of affiliates. This expands our internationalization.

In order to satisfy the growing demand of our customers, we are currently looking to extend our team!

### Job description

---

We are looking for a senior ABAP consultant with at least 3 years experience in ABAP and 2 years in ABAP OO. You will perform complex ABAP programming, testing and debugging functions related to the implementation and updating of SAP modules.

### Knowledge, Skills and Abilities required

---

Knowledge of:

- ✦ SAP ABAP Programming Tools including Report and Transaction creation, enhancements, Conversion Programs, SAPscript, Smart Forms and Adobe Interactive Forms
- ✦ different SAP modules (ABAP CRM and/or HR are assets)
- ✦ knowledge of principles and techniques of systems analysis, design, testing, program documentation, report, screen and form design

#### Ability to:

- ✦ develop and code difficult and complex programs for SAP modules
- ✦ develop test data and analyze problems in programs
- ✦ recognize the critical elements of application problems, develop and evaluate data, determine solutions and make logical recommendations
- ✦ write clear, logical reports, instructions and program documentation
- ✦ learn the characteristics of new systems and update skills to adapt to changing technology
- ✦ work in English, French and Dutch

#### Skills:

- ✦ Able to work independently, demonstrate initiative and mobility
- ✦ Positive team player who is eager to learn and to share his knowledge with his team
- ✦ Good communication skills
- ✦ Commercial insight and attitude and very strong customer focus
- ✦ Strong analytical mind and a flexible, pro-active result driven attitude, and committed attitude
- ✦ Dynamic and Proactive Personality
- ✦ Continuous learning attitude
- ✦ Well organized

#### **We offer**

---

- ✦ A challenging and interesting job in a well established SAP Consultancy company who respects the well-being of its employees
- ✦ 2 weeks, at least, of training per year
- ✦ An attractive salary package (+ monthly bonus)
- ✦ Extra-benefits (company car, insurances, cell phone, laptop, ...)
- ✦ A good work atmosphere within an enthusiastic, dynamic and professional team
- ✦ Team incentives

We are looking forward to get to know you!
