

KENEOS

Experienced Workflow Consultant

About Keneos

Representing the combined strength of over 140 consultants, **Keneos** is a leading provider of effective SAP consulting and solutions. We fuse technical expertise with genuine insight into the demands of various sectors to implement business and technology based solutions.

Four core business units focus on delivering solutions for today's business realities: **Human Capital Management**, **Sustainable Development**, **Customer Life Cycle Management** and **Corporate Finance Management**. All are supported by two business units: **Keneos New Technology** and **Keneos Performance & Risk Management**.

We have offices in four countries, Belgium, Luxembourg, France and Switzerland and a strong community of affiliates. This expands our internationalization.

In order to satisfy the growing demand of our customers, we are currently looking to extend our team!

Job description

We are looking for a senior Workflow consultant with at least 3 years experience in Workflow, classical ABAP and 2 years in ABAP OO. You will perform complex ABAP programming, testing and debugging functions related to the implementation and updating of SAP modules.

Knowledge, Skills and Abilities required

Knowledge of:

- ✦ SAP ABAP Programming Tools including Report and Transaction creation, enhancements, Conversion Programs, SAPscript, Smart Forms and Adobe Interactive Forms
- ✦ different SAP modules
- ✦ different ABAP projects for several clients (with at least one full cycle project)
- ✦ knowledge of principles and techniques of systems analysis, design, testing, program documentation, report, screen and form design
- ✦ SAP strong workflow knowledge

Ability to:

- ✦ develop and code difficult and complex programs for SAP modules,
- ✦ develop test data and analyze problems in programs
- ✦ recognize the critical elements of application problems, develop and evaluate data, determine solutions and make logical recommendations
- ✦ write clear, logical reports, instructions and program documentation
- ✦ learn the characteristics of new systems and update skills to adapt to changing technology
- ✦ work in English, French and Dutch

Skills:

- ✦ Able to work independently, demonstrate initiative and mobility
- ✦ Positive team player with good communication skills
- ✦ Commercial insight and attitude and very strong customer focus
- ✦ Strong analytical mind and a flexible, pro-active result driven attitude, and committed attitude
- ✦ Dynamic and Proactive Personality
- ✦ Continuous learning attitude
- ✦ Well organized

We offer

- ✦ a challenging and an interesting job at the forefront of SAP technology
- ✦ a well established SAP Consultancy company who respects the well-being of its employees
- ✦ 2 weeks, at least, of training per year
- ✦ an attractive salary package (+ monthly bonus)
- ✦ extra-benefits (company car, insurances, cell phone, laptop, ...)
- ✦ a good work atmosphere within an enthusiastic, dynamic and professional team
- ✦ team incentives

We are looking forward to get to know you!
