

**KENEOS**

Experienced BC Consultant

## About Keneos

---

Representing the combined strength of over 140 consultants, **Keneos** is a leading provider of effective SAP consulting and solutions. We fuse technical expertise with genuine insight into the demands of various sectors to implement business and technology based solutions.

**Four core business units** focus on delivering solutions for today's business realities: **Human Capital Management**, **Sustainable Development**, **Customer Life Cycle Management** and **Corporate Finance Management**. All are supported by two business units: **Keneos New Technology** and **Keneos Performance & Risk Management**.

We have offices in four countries, Belgium, Luxembourg, France and Switzerland and a strong community of affiliates. This expands our internationalization.

In order to satisfy the growing demand of our customers, we are currently looking to extend our team!
