

Medior/Senior Business Intelligence Consultant (SAP BW/BO)

About Keneos

Representing the combined strength of over 150 medior and senior consultants, Keneos is a leading provider of effective SAP consulting and solutions. We combine technical expertise with genuine insight into the demands of various sectors to implement business and technology based solutions. We deliver SAP-based solutions and services to large and medium-sized companies in France, Belgium, Luxembourg and Switzerland.

Four core business units focus on delivering solutions for today's business realities: **Human Capital Management (HCM)**, **Sustainable Development (SDM)**, **Customer Life Cycle Management (CLM)** and **Corporate Finance Management (CFM)**. All are supported by two business units: Keneos New **Technology (KNT)** and **Keneos Performance & Risk Management (PRM)**. Our Business Intelligence team is part of the PRM business unit.

We have offices in four countries; Belgium, Luxembourg, France and Switzerland and a strong network of affiliates and partners. Our affiliates are premium quality SAP consulting firms with expert technical and process resources in niche domains, and with strength, references and credibility in their region. By uniting in our network, these firms can now reach out to larger projects and companies across geographical boundaries. Our customers therefore have the added benefits of numerous highly sought-after experts of different languages and cultures to serve them locally.

In order to satisfy the growing demand of our customers, we are currently looking to extend our BI team!

Job description

We are looking for Business Intelligence consultants with minimum 4 years experience who have both functional and technical knowledge of SAP BW and/or SAP BO

Profile description

- ✦ Master or Bachelor degree or equivalent by experience.
- ✦ You have hands-on experience with implementations of SAP BW and/or SAP BO solutions (configuration, testing, go live, support, ...)
